MAXIMIZER™CRM LIVE

System Requirements

In today's competitive marketplace, businesses often require flexible technologies and tools that can meet their changing needs, while providing cost-effective benefits. Cloud-based offerings eliminate the hassle of maintaining a complex hardware infrastructure, managing an in-house IT team and support systems. Our web-based Maximizer CRM Live solution is a powerful, business productivity tool that is easy to deploy, use and maintain. There are no unique server requirements for using Maximizer CRM Live and customers pay a monthly fee for each unique user. The workstation requirements and supported mobile browsers are listed below.
